Chief News Items. A special to the San Francisco Chronicle from Victoria, C. B., says: "The astounding discovery has been made that the mails which left Victoria March 21st and 24th for the East and Europe never reached their destination. Robbery is assigned as the cause, and it is believed that they have been taken to some place on the line of the Western Pacific road. The pecuniary loss will be heavy. Last December two mails from Canada and England for Victoria via the Northern Pacific were stolen."

The walls of one of the buildings of William Whiteley's mercantile establishment, in Westbourne, Gray, London, which was partially destroyed by fire last Saturday, collapsed today a little after noon. Fifty workmen engaged in making repairs were buried in the ruins. A high partition wall, dividing the burnt premises from Whiteley's baths, was the one that fell. The most of the workmen were soon rescued. Eleven of the workmen were seriously injured. Two are thought to be in a critical condition.

Ellen Cutts, a girl seven years old, while playing on the balustrade on the fifth floor of a London house, fell a distance of eighty feet down the wall of the staircase. During her descent she struck two iron bars, which extended from one side of the staircase to the other. The first struck in the center, and the other was considerably bent. Some neighbors and the mother of the child ran down to the ground floor, expecting to find the child dead, but to their great surprise discovered that she was apparently unhurt. The child was taken to a doctor, who found that beyond a severe fright she had sustained no injury.
